# CRANBERRY

A strong antioxidant, cranberry is a source of taste and health. Our country's flora is extremely rich in terms of this valuable fruit. What makes Makam Gold Cranberry stand out among others is that it is produced from wild cranberry grown in Turkey's sun-drenched soils in natural environments without any genetic modifications

Rich in vitamins and minerals, this drink is also suitable for meals, cocktails and refreshments. Fruit particles can be felt on the palate while drinking because they are refined by natural methods.

With its sour, delicious, real cranberry taste, when Makam Gold Cranberry which can be drunk at any time of the day is consumed regularly, is going to be a favorite drink for those who care about their health and fitness. Cranberry's positive contributions to skin beauty has been scientifically proven. Cranberry juice is also rich in vitamins C, K, B6 and E; and contains plenty of calcium, magnesium, iron, manganese and potassium.

Famous medical physician Ibn-i Sina (Avicenna) used cranberry a lot for healing wounds as it has many more medical benefits. Now it is your turn to enjoy its health benefits and taste!

## BLACK GRAPE

The health benefits of every nutrient created in nature are too many to tell. One of these foods with its natural antibiotic nutrients is the black grape. Not only that, it is also one of the most valuable fruits because of its rich vitamins and minerals. Black grape, which should be consumed frequently by everyone regardless of age, is rich in calcium, potassium, sodium and iron and has very important nutritional values in terms of A, B1, B2 and C vitamins. It contains Resveratrol, which is the most powerful natural antioxidant known on earth.

Makam Gold Seeded Black Grape Juice which is produced by preserving the vitamins with the most ideal and natural methods is also enriched with the addition of various plant roots and seeds. It is prevented from being fermented and producing alcohol by pasteurizing. No chemical preservatives are added to its contents. It has a liquid consistency that makes it easily consumable for children, young people and the old.

It is stated by experts that young people at developmental stage, breastfeeding mothers, and people past their middle ages who have started to accumulate fat in their veins would benefit a lot by regularly consuming black grape juice. Do yourself a favor for your health. Try Makam Gold Shira now to see its benefits for yourself!

## DATE-BASIL

Also known as basil, *ocimum basilicum* is one of the most important ingredients of many dishes served both hot and cold, with its beautiful scent. It is attributed significant value in many cultures, and seen as a symbol of hospitality in some places, and of love and devotion in others.

Although it is known mostly as an aroma enhancer in the world, it has found its place in cuisines of many countries thanks to its benefits. It shows a healing effect in eye, bone, joint, muscle, vein, stomach and intestinal diseases and many other health problems. It is more useful fresh than dried, but many benefits can also be obtained from the dried form by making tea.

Date, which cleanses the body with its antioxidant properties, balances the sugar level, is good for anemia, liver, digestion, eyes and nerves, stands out with its preventive characteristics against bone and cardiovascular diseases. Makam Beverages introduces another extraordinary healthy drink by combining basil's aroma and benefits with the taste and healthiness of the dates. Without artificial and chemical processes, without disturbing its naturalness and purity, without adding any harmful additives... For you to enjoy safely any time, any day...

## DATE-ROSE

Rose, which adorns our life with its beautiful appearance and pleasant smell, is used intensively in numerous areas which are beneficial to human health, especially cosmetics. Rose, one of the oldest beauty secrets of the world, has been included in cosmetic products, medicines and herbal treatments for centuries. Rose extract oil has anti-bacterial, fungicidal and anti-virus properties. It is also used to relieve sore throat, high fever and cough. To make the most of the benefits of rose water, it is very important that the rose water is pure and additive-free.

And date, which is a very powerful antioxidant and is good for digestive system and many health problems including cardiovascular, bone, stomach and kidney diseases, also stands out as it provides strength and energy for body and has blood-forming properties.

Makam Beverages has brought together two wonderful tastes such as rose and date, producing a healthy life elixir, as they both contain miraculous benefits for human health due to the vitamins and substances they contain. You can safely consume, and discover the secrets of healthy life

# TAMARIND

Suleyman the Magnificent, one of the most famous sultans in Turkish history always had tamarind with his meals, which helps to relax the body, makes the digestion easier by eliminating bloating and has a cooling effect by reducing body temperature.

Tamarind, named after Tamr-i Hindi, which means Indian Date is a tasty drink with its sour flavor and smooth texture. It is an important source of wellness for a lot of illnesses from heart diseases and joint pain to cold and cancer. It is a very good antioxidant with vitamins C, A and B, and is a very valuable plant for skin health.

It has been produced by Makam Beverages by mixing it with many plant roots, seeds and leaves, inspired by the blends of Merkez Efendi, one of the most famous physicians in Turkish history. Natural apple juice is used as a sweetener instead of sugar, and it is presented to you with a composition closest to the original formula in history.

You will feel the wellness and comfort offered by one glass of Makam Gold Tamarind especially taken after a heavy meal in your first drink. "Favorite drink of the Sultans" will be your favorite too!

## LIMMAY (Lemon-Parsley)

Lemon is one of the most frequently used fruits whether it be to protect our health in natural ways or to recover when we are sick. In addition to being a vitamin C store, lemon is a fruit with numerous benefits. When the parsley and lemon are consumed together, it stimulates the slow metabolism and makes your weight loss process easier. Also, it is always on the recommendation lists of estheticians and dietitians since parsley and lemon make the skin beautiful. It is also the most natural solution for fatty liver.

It is not easy to prepare and use a lemon and parsley mixture under natural and ideal conditions in our day. First of all, you should start with lemon and parsley grown in an environment free from chemicals, and you should prepare a mixture in ideal proportions and taste.

Makam Gold Limmay has been produced for you to have this ideal and healthy drink at any time and consume it safely. The longer you drink it, the stronger your metabolism will become, and you will feel its pleasant smell and taste in your mouth. Do yourself a favor and drink one cup of Makam Gold Limmay everyday...
